

guidelines for submitting to **SMOKE SIGNAL**
a free all-comics newspaper
published by Desert island

General

SMOKE SIGNAL is a forthcoming 24-page newspaper with a color cover and black and white interior. Please submit your black and white comics following the specs below. You may submit finished work in three sizes: full-page, half-page, and comic strip. We'll give first priority to half-pagers and comic strips, simply because we want to include a lot of artists. We're mainly interested in narrative work, but will accept more abstract pieces if we really like your stuff.

Specs

Full-page: 10" wide X 15" high

Half-page: 10" wide X 7.25" high

Comic strip: 10" wide X 3.5" high

Grayscale images only; no color
300 dpi tiff files

special projects:

- we're looking for someone to do a full-color FAKE AD for the back cover
- we're looking for someone to do an old-school table of contents [this will obviously need to happen last after all of the submissions are in]
- we're also looking for someone to do a large full-color center-spread poster if you're interested in any of these projects, please get in touch!

Deadline

We are accepting submissions on a rotating basis. Once the first issue is full, we will hold your submission for the future. (We're going to try to publish quarterly).

Email submissions and questions to desertislandbrooklyn@gmail.com

Random notes

- Please do not submit more than a total of a full page worth of material
- Please don't shrink down 4 comic pages to fit a single newspaper page.
- Submitting your work implies permission to print your it in our publication and use your name or excerpts of your work for promotional reasons.
- Submission does not guarantee publication.

THANKS FOR YOUR INTEREST AND SUPPORT FOR THIS PROJECT!
